

Hello Everyone,

As many of you have heard by now, we are working on a Shutterfly page to add to our marching band media community. Not only will this page be a great place for parents and members to view and order photos and photo books, but it will also be a place to share your own photos, comment, and interact. Shutterfly also provides us the ability to upload schedule information, including addresses and links for maps and directions, and thus send out notifications about upcoming events.

The existing Facebook page and WTMBA.org site will not be changing or going away and will continue to operate as normal. However, our new Shutterfly page will be a great resource for those who do not have Facebook. Much like our Facebook page, our Shutterfly page is also private and can only be viewed by members who have been added by page admins.

To join our page, simply fill out the fields below and send them in an email to camucciok@yahoo.com

Once granted access, you will receive a link that will prompt you to create your own Shutterfly user account which will give you access to the band's page, but also serve as your personal portal for saving and ordering any photos and related items.
